

	OR			
16	What is meant by synchronization? Explain the way of synchronizing an alternator to the infinite bus bars.	10M	3	L2
17	Explain briefly the principle of operation of 3-phase synchronous motor and mention applications of synchronous motor	10M	4	L2
	OR			
18	Explain the different methods of starting of synchronous motors.	10M	4	L2
19	Explain the construction and operation of variable Reluctance stepper motor	10M	5	L2
	OR			
20	Explain the construction and operation of Permanent Magnet DC Motor	10M	5	L2
